NARROWTEX ENVIRONMENTAL POLICY

Narrowtex is a market leader in the design, manufacture, marketing and distribution of woven narrow fabric textiles.

Narrowtex is committed to continual improvement which is also achieved by compliance with all requirements of the Environmental Management System -SABS ISO 14001:2004 Standard Code of Practice.

The above is achieved through Senior Management's commitment to:

- Provide a safe and healthy working environment that will promote work satisfaction, teamwork, motivation, environmental and quality awareness.
- Comply with the SABS ISO 14001:2004 Code of Practice, environmental legislation and regulations that we subscribe to.
- Ensure that all products in the range do not cause any environmental damage through its receipt, storage and disposal methods.
- Establishment, achievement, implementation, communicating, maintaining and reviewing of objectives and targets for continual improvement of our environmental performance and the Environmental Management Systems [EMS].
- The Policy Statement remains the property of Narrowtex Pty Ltd – Estcourt, and can only be viewed by public, if permission is granted by the Managing Director or Senior Management.
